PROFESSIONAL SUMMARY

UX/UI Designer with 5+ years of experience creating user-centered digital products across web and mobile platforms. Columbia University-certified with a proven track record of leading end-to-end design projects — from user research and wireframing to high-fidelity prototypes in Figma. Combines strong visual design skills with hands-on front-end development (HTML5, CSS3, JavaScript) to bridge the gap between design and engineering teams. Background in project management and B2B/B2C client work brings a business-aware perspective to every design decision.

CORE SKILLS

Design Tools: Figma (proficient), Adobe XD, InVision, Miro, Adobe Creative Suite (Photoshop, Illustrator, InDesign), Corel Draw

UX Methods: User research, wireframing, prototyping, usability testing, information architecture, user flows

Development: HTML5, CSS3, JavaScript, Bootstrap, jQuery, PHP, MySQL, WordPress, GitHub

Project Tools: Microsoft Office, QuickBooks Online, Magaya, INTTRA, AES (Automated Export System)

Languages: English (Upper-Intermediate), Russian (Native)

WORK EXPERIENCE

UX/UI Designer & Frontend Developer | **Freelance** | Remote 2025 – 2026

- Designed and developed responsive websites for 5+ clients using HTML5, CSS3, JavaScript, and Bootstrap, improving average page load performance and mobile usability
- Created end-to-end UI designs in Figma — from concept and wireframes to delivered, dev-ready prototypes — exceeding client expectations on visual quality and timeline
- Built and maintained brand identity systems (logos, color palettes, typography) for multiple small businesses, ensuring consistent cross-channel presentation
- Implemented on-page SEO strategies that improved organic visibility for client websites
- Produced slide decks, presentation templates, and graphic assets for client meetings and marketing campaigns

Documentation Specialist | **Marina Transport Logistics LLC** | Staten Island, NY Jan 2025

- Managed export documentation workflow using AES (Automated Export System) and Magaya, maintaining 100% compliance with shipping deadlines
- Coordinated with 6 major shipping lines (Maersk, MSC, Hapag-Lloyd, COSCO, OOCL, Arkas) via INTTRA, tracking vessel schedule changes and updating records in real time
- Processed and verified export documents for hazmat compliance and lien checks, reducing documentation errors

General Manager | **MGP "Mys-tour" LLC** | Minsk, Belarus Jul 2017 – Jun 2020

- Led a team of 8, overseeing recruitment, performance, and daily operations of a regional travel agency
- Grew company revenue by 23% over 2 years by expanding the destination portfolio, opening a new office, and introducing remote sales roles

- Developed and executed a regional market growth strategy including partnerships with 10+ transport and airline partners
- Managed full sales cycle: client negotiations, contract signing, and conflict resolution with a 90%+ client retention rate

Project Manager & Web Developer | **Project School "Travel Agent"** | Remote *Jul 2020 – May 2021*

- Designed and developed a complete educational website from scratch in HTML/CSS — live at anastashin5.github.io/site_school_travel
- Delivered full brand package: logo, business cards, and certificates; launched an advertising campaign for program enrollment
- Created curriculum structure for a tourism specialist training program

Manager & Graphic Designer | **Café Black & White** | Minsk, Belarus *Sep 2016 – Mar 2018*

- Managed full business operations including vendor contracts, financial reporting, tax filings, and a team of 6 staff
- Closed acquisition deal with an investor, doubling the initial investment through negotiation and financial planning
- Handled brand design in-house: advertising banners, marketing materials, and digital presence (SEO, UX)

Web Developer & Graphic Designer | **Gym "Attila"** | Belarus *Mar 2015 – May 2016*

- Built a full WordPress website for the gym including layout, SEO setup, and visitor analytics integration
- Designed brand identity: logo, signage, business cards, and flyers using Adobe Creative Suite and Corel Draw

SELECTED UX/UI PROJECTS

App "MDtravel" — Travel Agency Mobile App

Individual UX/UI project. Conducted user research to identify post-COVID drop in travel demand; designed end-to-end mobile app prototype in InVision covering booking flow, destination discovery, and onboarding. *Tools: Miro, InVision*

App "EasyGrocery" — Meal Planning & Grocery App

Group UX/UI project (4 weeks). Designed mobile app for meal planning with nutritional restriction support — from research and user flows to Figma prototype. *Tools: Figma, Miro*

U.S. Department of Agriculture — Website Redesign

Redesigned USDA.gov for improved first-visit navigation and information findability. Delivered desktop and mobile prototypes based on usability testing findings. *Tools: Figma, Miro*

Humane Society of NY — Mobile & Desktop Redesign

Solved navigation and information overload issues on existing site; designed a clean mobile-first redesign from scratch. *Tools: Figma, Adobe XD*
